Experience

Senior UI/UX Designer | Wabash

May 2024 - April 2026 | Contract engagement

Created a complete Design System and Component Library for Parts Commerce, Wabash's new ecommerce experience for ordering parts for their trucks and trailers.

Designed new features and enhancements for the user experience of ordering parts, as well as comprehensive Prototypes for the fully updated ecommerce experience built with the new Design System and Component Library.

UI Developer

May 2024 - December 2025 | Contract engagement

Served as a focused contract UI development engagement embedded in the UX Design team, centered on AEM component implementation, frontend fixes, and authoring support.

Developed and refined responsive AEM components using HTML, SCSS, JavaScript, React and Git.

Debugged local and hosted AEM environments, package installs, styling regressions, browser issues, and component-level implementation defects.

Senior UI/UX Designer | Scholastic

February 2022 - May 2024

Created a comprehensive Design System and Component Library for Magazines+, encompassing over 20 magazine websites for K-12 students, as well as detailed prototypes showcasing UI/UX and interaction design for each magazine category and site.

Contributed to the UI/UX Design, Design System and Component Libraries for Scholastic's upcoming Literacy Platform, a major application integrating Scholastic apps together for better content discovery and with advanced teaching features.

Experience (continued)

UI/UX Designer + Developer | Rowmark

May 2019 - February 2022

Designed and developed websites, ecommerce UI/UX, layouts, elements, and landing pages. Redesigned core ecommerce components for a high-traffic website, including Checkout, Navigation, Account Pages, Homepage, PDP, and PLP.

Contributed to Magento 1.9.x to 2.0 migration through bug testing, fixing, and SCSS overhaul. Created additional web experiences and resources, such as product explorers and design guidelines.

Web Design Intern | Rowmark

May 2018 - May 2019

Designed, prototyped and built websites, ecommerce UI/UX, layouts, elements, landing pages and more. Led the design process of the parent company's new website, as well as the HTML/SCSS.
